REMAINS OF COLUMBUS.

Exhumed at Havana—Monument and Mausoleum.

Havana, September 26.—At 10 o'clock this morning the exhumation of the remains of Columbus took place in the presence of General Blanco, Secretary Govin, the civil Governor, the Bishop, the dean of the cathedral and other authorities. The general public was ordered out of the cathedral at 8 o'clock and no one was allowed inside after that hour. The entrance to the cathedral was guarded by a force of Orden Publico guards, which kept back the crowds that assembled in front of the edifice.

The remains of Columbus, which this morning were removed from their niche in the cathedral preparatory to their shipment to Spain, had lain in their late resting place since January 19, 1796, when they were brought from Santo Domingo, that island having been ceded to France by Spain.

Since that date the remains have lain in an open niche in the wall of the presbytery of the cathedral a yard and a half above the ground, between a pillar supporting the main arch and the choir. In 1892 there was placed in front of the niche a slab of doubtful artistic taste, representing in relief a bust of the great Admiral and bearing this inscription in Spanish:

"May the remains and image of the great Columbus lie a thousand centuries preserved in this urn and in the remembrance of our nation."

After the four-hundredth anniversary of the discovery of the new world by Columbus the Spanish Cortes included in the Cuban budget large sums for the purpose of erecting a fitting monument symbolizing the travels of the discoverer, to be placed in the most conspicuous place in Havana and the construction of a mausoleum to hold the ashes. The mausoleum, the work of the Spanish sculptor Melida, was brought to Havana and placed upon a base erected in the center aisle of the cathedral, close to the main door.

The monument, the work on which was intrusted to the sculptor Susillo, has not come and will probably never come to Havana. It is probable that both the monument and the mausoleum will be placed in a fitting place in Spain, where they will be looked upon as one of the treasures of the Spanish nation.

Three Doctors in Consultation.

From Benjamin Franklin.
"When you are sick, what you like best is to be chosen for a medicine in the first place; what experience tells you is best, to be chosen in the second place; what reason (i. e. Theory) says is best is to be chosen in the last place. But if you can get Dr. Inclinatio, Dr. Experience and Dr. Reason to hold a consultation together, they will give you the best advice that can be taken."

When you have a bad cold Dr. Inclinatio would recommend Chamberlain's Cough Remedy because it is pleasant and safe to take. Dr. Experience would recommend it because it never fails to effect a speedy and permanent cure. Dr. Reason would recommend it because it is prepared on scientific principles, and on nature's plan in relieving the lungs, opening the secretions and restoring the system to a natural and healthy condition. Grocers.

Not a One Time

Order house is ours: it's the kind that keeps the customers for generations; many men deal here whose fathers dealt here for years.

Of course we want the one-time order, that is the beginning; each succeeding order helps cement the friendly feeling.

A party of Honolulu Professors going over to Maui to spend the last vacation came here to buy supplies and remarked that they tho't they could buy cheaper elsewhere but didn't like the uncertainty and insecurity.

That illustrates the value of a good name.
